The Nanolux SN PRO Series comes with different spectrum combinations (UV & IR) users can individually select throughout the different stages of plant growth.

UV facilitates photosynthesis, IR facilitates plant flowering
TVS chip enhances circuit protection, anti-static interference

Product Model	LED SN830 Pro
Input Power	830W
Light Bars	8 bars
Efficiency	2.9 $\mu\text{mol}/\text{J}$
Light Output PPF	2410 $\mu\text{mol}/\text{s}$
Dimming	NCCS-RTU,NCCS-0-10V,Manual control
Input Voltage	AC 120V-277V
Mounting Height	8"- 24"(20-60cm)
Power Factor	≥ 0.97
Total Harmonic Distortion	< 15%
Lifetime L90	$\geq 50,000$ hrs
IP Rating	IP65
Product Dimensions	1135x1110x60mm
Product Weight	10.2kg

The Nanolux PAD series is a unique panel design that will eliminate light overflow. The PAD series comes in a 720W 2-fold design and a 1200W 4-fold design and operates at a low voltage rate of 56V. With a thickness of only 14mm and unique folding design, shipping costs are greatly reduced with the PAD series.

- ✔ Air sterilization by Osram UVC, Will help fight diseases and pest infestation and will aid in reduced pesticide use.
- ✔ Unique light board design, utilization rate of light sources increased by 14%, and the illumination uniformity as high as 95%

The Summit Series ballast can operate a range of lamp styles and wattages with the correct lamp voltage, operation frequency and strike voltage. The Summit Series fixture can operate all dual end HPS, MH and CMH lamps from 600W to 1000W. That's a total of 14 different lamps. The Summit Series also operates between 208 – 277 volts allowing the fixture to be in any commercial voltage application.

Control your grow room from anywhere in the world on your Smart Phone or Tablet. The first of its kind; the NCCS is an “all-in-one” application that will continually grow as your needs do. No longer do you have to constantly walk through the grow room and take readings from several different controllers. Simply open your phone APP to monitor or adjust settings depending on your plant’s needs.

- ✔ Will control up to 120 fixtures, 60 fixtures per group
